

From Pearl Street

Turn south on 30th street from Pearl St. You will pass one light which is Walnut. Immediately after Walnut get into the left hand lane. There is a median stripe dividing north and southbound 30th which will open up and there will be a left hand turning lane. You will see a sign for the Crossroads Gardens Building – merge left into the turn lane and make the left into the parking lot. Now you are facing east. Go east all the way through the parking lot until you cannot go any further (you can only go right). There will be a building in front of you and that is the Crossroads Gardens Building. After you veer right, there will be signs which leading you under a covered parking area (on your left) . Park in there and within the covered parking lot there are doors into the building where you can take the elevator or the stairs up to the 3rd floor. We are in Suite #310.

From Arapahoe

Turn north onto 30th street from Arapahoe. You will pass one light. After the light look for a Jiffy Lube on your right hand side. Make your first right DIRECTLY AFTER the Jiffy Lube driveway. Now you are facing east. Go east all the way through the parking lot until you cannot go any further (you can only go right). There will be a building in front of you and that is the Crossroads Gardens Building. After you veer right, there will be signs which leading you under a covered parking area (on your left) . Park in there and within the covered parking lot there are doors into the building where you can take the elevator or the stairs up to the 3rd floor. We are in Suite #310.
